		Arrangement No.: (for internal use only)	

IBC information			PRODUCT information	
Manufacturer	Pallet type	Quantity	Product name / UN-No.	Manufacturer

Are any of the products listed above hazardous under ADR regulations? Yes or No (please indicate)

Additional collection information:

The shipper hereby declares that all IBCs meet the following requirements:

- 1) IBCs are empty; i.e. as empty as practically possible using commonly employed means.
- 2) All openings of the IBCs are hermetically closed with the original lids, taps and caps.
- 3) IBCs are free from outside product contamination.
- 4) The IBCs are in a reusable condition; i.e. cage and pallet not damaged or in a state of advanced deterioration; NCG's assessment of the condition of the IBC shall be binding and final.
- 5) The last filling good is clearly indicated; according labels, CHIP identification and dangerous goods labeling are legible and complete.
- 6) If the last filling good was toxic, highly flammable, carcinogenic, mutagenic or excessively hazardous or smelling, the IBCs have been decontaminated and labelled "NEUTRALIZED,,"
- 7) IBCs do not represent a danger for any person, property or to the environment.
- 8) No product other than those indicated has been filled into the IBC
- 9) The Safety Data Sheets are available and will be submitted on request.

If the IBCs do not meet the conditions listed; MAUSER, NCG UK Ltd or the collecting party is authorised to:

- 1) Reject the collection of non-conforming IBCs or return non-conforming IBCs to the emptier at the emptier's cost.
- 2) Charge the emptier for the disposal of product residues or non reusable IBCs. Residue will be charged at £1.40 / kg; Packaging disposal will be charged at £40/ IBC.
- 3) Charge additional freight expenses for collections where the number of IBCs does not match the number in the request.

Please check www.mausergroup.com for more information relating to the MAUSER collection services.

I agree to the terms and conditions set out above:
